

GETTING STARTED

With TCC SmartHub

Download the SmartHub App and login using your e-bill credentials.

If you do not subscribe to ebill, no problem, contact our office at 519 263 2211, we'll quickly set you up.

Once logged in, **Manage Devices** will display your current internet status & number of devices connected. Select Manage Devices to view features like **Alerts, Connected Devices, Wifi Settings, Speed Tests & Reboot Router.**

Now, select a device connected to your home wifi & you will be able to **set parental controls to pause, resume & schedule internet access.**

COMPLETE WIFI CONTROL LIKE NEVER BEFORE

ONLINE & IN CONTROL

SmartHub is TCC's web and mobile app that allows you to manage your wifi experience like never before...

- View & manage all devices connected to your Wifi network
- Resolve performance issues with router resets & speed tests
- Set parental controls to pause, resume & schedule internet access
- Administer updates as well as retrieve & reset wifi passwords

...All in the palm of your hand & online.
